

# CADCode Systems with RouterCad

## NestMaker Plus™ – NestMaker Pro Plus™ – NestMaster Plus™

Product Features	NestMaker Plus	NestMaker Pro Plus	NestMaster Plus
RouterCAD – Full featured CAD with all wizards	●	●	●
Block Nest Optimization	●	●	●
Nested Code Generation	●	●	●
Single Part Code Generation	●	●	●
Basic Small Parts Handling	●	●	●
Tabbing	●	●	●
Onionskin	●	●	●
Rotate Part – Manual (Right Click)	●	●	●
Nested Parts Routing Direction	●	●	●
Job Material Summary Report	●	●	●
Pattern Printing - Basic	●	●	●
<b>Office Labels</b>		●	●
<b>Pattern Editor</b>		●	●
Multiple Machine Settings for Inventory		●	●
CAD Layer Filters		●	●
<b>Advanced Small Parts Handling</b>		●	●
Allow Island Small Parts		●	●
Release Control Island Small Parts		●	●
Write Parts File		●	●
Drop Part Handling		●	●
Onionskin First Pass Oversize Amount		●	●
Label Drop Parts		●	●
Trim Drop Parts		●	●
Multiple Data Sources			●
Multiple Machine Output			●
Multiple Settings/Configurations			●
Multiple Inventory			●
Multiple Process Definitions			●
Process Destinations			●
Generate Optimized Panels			●
Grain Matching			●
Offline Horizontal Drill			●
Multiple Label Designs			●
Special Label Design			●
Laser Label Placement Support			●
Optimization of Optional Parts			●
Pattern Printing - Enhanced			●
<b><input type="checkbox"/> Optional Add-on Features:</b>			
Office Labels	<input type="checkbox"/>	Included	Included
NestLabels - Remote On Demand Labels	NA	<input type="checkbox"/>	Included
Edit in AutoCAD – Right Button Click	NA	<input type="checkbox"/>	<input type="checkbox"/>
Advanced Machining Optimization – Drilling & Routing	NA	NA	<input type="checkbox"/>
ACAM – AutoCAD Interface w/ Tool Path Manager	NA	NA	<input type="checkbox"/>
Trueshape – Nester Option	NA	NA	<input type="checkbox"/>
